

Lyrics

If your friends are in the classroom, say hello.

If you see your teacher smiling, show your teeth

If you want to show your feelings, give a hug

If you feel like being silly, make some noise

If you want to get together, make some room

Let your heart feel so much better, make some room

Let's get ready for Vivad

Let's have some fun and play with english in our world

Let's get ready for Vivadi

We are all in this together

We'll do it you and me

We'll be a big great family
