<p>Emotional Impact Video Select any emotional video out of the four options.</p>	<p>Storytelling Children have already watched the video so you can start directly with the story. You can either choose to play a song for the children to dance if you feel they need to loosen up a bit and move around or, you can play the Savasana Song in the Harmony Time part if you sense the children are needing some relaxing time.

In both cases, they will be listening to songs in English and that is immersion.

Ending Song

To make sure the class has a clear end, and it didn't just end because time is up. This will help children feel that they've experienced something more than completing tasks.
